*Institute of Pacific Relations* - United States. Congress. Senate. Committee on the Judiciary 1951

*Directors & Officers (D & O) Liability* - Simon Deakin 2018-02-19

In recent years several cases concerning the liability of directors and officers have courted controversy. Arguments raised in such discussions oscillate between two extremes: on the one hand, the need for governing bodies to give a space to entrepreneurial discretion and on the other hand to ensure the protection of investors in and creditors of a company from the consequences of disadvantageous decisions by those bodies. In light of the geographical dispersal of the above stakeholders, the study offers a comparative insight into the liability of directors and officers in 10 key European jurisdictions (in particular, Austria, Czech Republic, Germany, Italy, the Netherlands, Norway, Poland, Spain and Switzerland) and 4 non-European jurisdictions (namely Brazil, Israel, Turkey and the United States). Amongst other things it investigates existing company law principles on the topic and examines their interaction with tort law and other fields with a view to suggesting principles for better stakeholder protection. National reports are complemented by an economic analysis and insurance, conflict of laws and comparative reports. The study also benefits from case study analyses.

**Inventory of Current Energy Research and Development** - Oak Ridge National Laboratory 1972

**Preussische statistik** - Prussia (Kingdom). Statistisches Landesamt 1880

**International Economics, Finance and Trade - Volume II** - Pasquale Michael Sgro 2009-07-30

International Economics, Finance and Trade is the component of Encyclopedia of Development and Economic Sciences in the global Encyclopedia of Life Support Systems (EOLSS), which is an integrated compendium of twenty one Encyclopedias. The subject matter of international economics and finance includes all transactions that cross national boundaries including trade in goods and services, capital and labor markets and transactions in financial assets. The chapters in these volumes are organized into six topics. The first topic starts with several chapters dealing with the 'core' theory in international economics and finance. The second topic presents with several chapters dealing with balance of payments and exchange rates and again emphasis is placed on the evolution of the various approaches. The third topic focuses on the International Financial Architecture, that is the intentional institutions such as the IMF, World bank and the various groupings of countries such as the G7 and G22, which have been set up to facilitate international trade and economic development .The fourth topic deals with a detailed looked at multinational Banking and Global Capital markets, including the role, if any, of regulation of capital markets and the Banking sector. The fifth topic looks at the strategic developments in international trade and issues of globalisation and international trade law as well as the use of terms such as "strategic trade

policy” as a way of disguising trade protectionist arguments. The final topic deals in detail with environmental regulations, policy and property rights and their role in sustainable development. These two volumes are aimed at the following a wide spectrum of audiences from the merely curious to those seeking in-depth knowledge: University and College students Educators, Professional practitioners, Research personnel and Policy analysts, managers, and decision makers and NGOs.

*Medical Statistics, U.S. Navy* - United States. Department of the Navy. Bureau of Medicine and Surgery 1962

Includes appendices.

*Budget Information for States* - 2002

**The Awesome Power** - Richard F. Haynes 1999-03-01

Since World War II the importance of the military command function of the American presidency has increased dramatically. U.S. chief executives have emerged virtually unchecked as wielders of enormous military power. *The Awesome Power*, the first comprehensive study of Harry S. Truman as commander in chief, is an important and highly relevant book, especially in view of the growing concern over the president's ability to wage war without the consent of either the Congress or the American people. A selective chronicle of the events in which Truman's decisions were of historic significance, the book analyzes his decision-making process in terms of the information available to him, the existing pressures, and the relationship of his decisions to his own well-defined concepts of how a commander in chief should function. The author gives a detailed account of the events and circumstances leading up to Truman's most significant decision -- to use the atomic bomb against Japan. He also examines Truman's decisions on postwar civilian control of atomic energy, his intervention in Korea, his leadership in the Cold War, and his conflict with General Douglas MacArthur, whose opposition to the president's limited-war policies endangered the very basis of the civil-military relationship. Based in part on research in classified documents previously untapped by nongovernmental researchers, *The Awesome Power* is a thorough treatment of a subject of great contemporary significance, with one of the most fascinating characters in American political history as its central figure.

*Indische Alterthumskunde* Christian Lassen - 1847

**Identity, Community, and Learning Lives in the Digital Age** - Ola Erstad 2013

This book analyzes research on education, identity and community, exploring the ways in which learning can be characterized across 'whole-life' experiences.

**Summary of Trade and Tariff Information** - William L. Greene 1984

**Preserving Prosecutorial Independence** - United States. Congress. Senate. Committee on the Judiciary 2008

**National Transportation Safety Board Decisions** - United States. National Transportation Safety Board

*Mobilität von Familien im ländlichen Raum* - Melanie Herget 2015-07-31

□Aufbauend auf aktuellen empirischen Erkenntnissen entwickelt Melanie Herget Empfehlungen für zukunftsfähige Verkehrssysteme im ländlichen Raum. Anhand von problemzentrierten Interviews mit Müttern und Vätern in zwei ländlichen Regionen sowie auf Basis der Protection Motivation Theory arbeitet die Autorin Überzeugungen, Routinen und typische Bewältigungsstrategien von Familien in West- und Ost-Deutschland in Bezug auf ihre Alltagsmobilität heraus. Diese qualitativen Ergebnisse werden ergänzt durch quantitative Analysen der Studie „Mobilität in Deutschland 2008“ (25.000 Haushalte).□

**Religiöse Pluralität als Faktor des Politischen in der Ukraine** - Katrin Boeckh 2018-10-12

Der Band verweist auf die lebendige religiöse Pluralität in der Ukraine, die nach den langen Jahren der sowjetischen Religionsrepression zu Beginn der 1990er-Jahre wieder aufleben konnte. 19 Autorinnen und Autoren aus der Ukraine, aus Russland und aus Deutschland gehen diesem einzigartigen Zug des öffentlichen Lebens in der Ukraine aus historischer, soziologischer und ökonomischer Perspektive auf dem Grund. Eine ihrer Schlussfolgerungen lautet, dass diese Mehrstimmigkeit an Glaubensdenominationen die politische und gesellschaftliche Diskussion im Land und den Prozess der Demokratisierung wesentlich stützt.

**The Monthly Army List** - Great Britain. Army 1915

**Nibelungenlied und Nibelungensage** - Florian Kragl 2014-02-27

Das Nibelungenlied zählt zu den zentralen Texten der deutschen Literatur des Mittelalters und es ist einer der wenigen, die sich auch im kulturellen Gedächtnis unserer Zeit noch behaupten können. Das liegt nicht zuletzt in der außergewöhnlichen literarischen Qualität dieses ‚Heldenromans‘ begründet. Konsequenz ist, dass die Forschungsliteratur zum Nibelungenlied und allgemein zur Nibelungensage vom Einzelnen kaum noch zu überblicken ist. Diesem Umstand trägt das vorliegende Buch Rechnung, dessen Ziel die Sortierung und Ordnung dieser weitläufigen Forschungslandschaft in Form einer kommentierten Bibliographie zur Nibelungenforschung für die Jahre 1945-2010 ist. Verzeichnet ist das gesamte wissenschaftliche Schrifttum, das in diesen 66 Jahren zu Nibelungenlied und Nibelungensage erschienen ist. Die Publikationen sind in nach Jahrgängen sortierten bibliographischen Einträgen erfasst, werden in kurzen, zurückhaltend kritischen Referaten vorgestellt und nach diversen Kategorien verschlagwortet. Bezüge zwischen den Einträgen werden mit Querverweisen hergestellt, die, zusammen mit der Verschlagwortung, das Kernstück der Bibliographie darstellen: Sie ziehen in das Geflecht von über 3.000 Einträgen kleinere oder auch große Linien ein, machen forschungsgeschichtliche Strömungen und Paradigmenwechsel sichtbar und trennen, beispielsweise durch Häufungen von Vor- oder Rückverweisen von einem oder auf einen Beitrag, Wesentliches von Unwesentlichem. Das Vorhaben wäre geglückt, wenn die Fülle des bibliographisch Versammelten neue Forschungstätigkeit nicht hemmt oder gar erstickt, sondern wenn der Überblick über das Geschriebene zum Stimulus für Neues wird, das dann eben nicht - dies ein chronisches Leiden der Nibelungenforschung - nur ein dünner Aufguss von längst Gesagtem sei.

**Accounts and Papers of the House of Commons** - Great Britain. Parliament. House of Commons 1854
